THANK YOU FOR YOUR KINDNESS

KSS Care Co-ordinator Team Projects 2025

OUR AIM

Promote a culture where FICare is embedded in everyday practice so that parents and families are at the heart of and fully involved in their baby's care

Virtual Tours

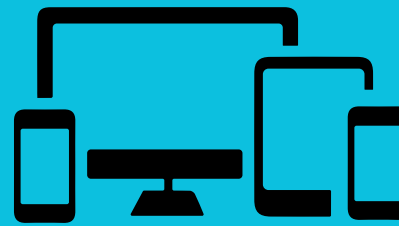

- Add 'sounds of the neonatal unit'
- Explore and secure funding for translation
- Add the Journey Cards to the the tours
- Promote the virtual tours at all stages of the maternity & neonatal journey

Baby Steps: Our Neonatal Journey cards

- Embed the project on all units
- Use feedback to support improvement
- Explore and secure funding for translation
- Share the project nationally
- Financial sustainability

Digital

- Support the remaining unit to adopt the KSS family Padlet for local use
- Continue to support the units with Padlet content
- Develop a shared Padlet with TV&W for FICare resources
- Ensure local Trust and LMN's websites are signposting to neonatal information

Education

- Continue to work with KSS education team to develop presentations and education materials
- Consider the development of neonatal mandatory FICare training modules
- Support the KSS palliative care project

AHPP's

Allied Health Professionals & Psychologist

- Support the launch of the developmental care videos
- Continue to promote relationships between AHPP's and units

Parent led/FICare ward rounds

- Continue to promote parent participation in ward rounds and shared decision-making
- Share resources and ideas

Co-production & Collaboration

- Collaborate and co-produce with neonatal families

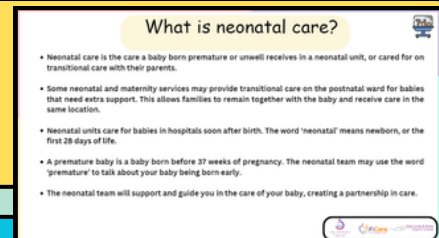

Support all units to progress with Bliss accreditation

Support all units to progress with the Neonatal BFI accreditation

Antenatal

- Raise awareness of neonatal care antenatally through posters and online presentation to be included antenatal classes

Equity & Equality

- Support equity and equality in all projects across the network
- Support units to provide equitable neonatal care to all families

Feeding Families

- Work with local & national charities to champion families being fed whilst in neonatal care
