

# KSS Care Co-ordinator Team Projects 2026

## OUR AIM

Promote a culture where FiCare is embedded in everyday practice so that parents and families are at the heart of and fully involved in their baby's care

### Virtual Tours

- Promote the virtual tours at all stages of the maternity & neonatal journey
- Add 'sounds of the neonatal unit'
- Explore options for translation and secure funding
- Continue to review analytics and increase the number of views

### Baby Steps: Our Neonatal Journey cards

- Explore funding opportunities and possible sponsorship to support project development and printing costs
- Ensure funds banked to secure printing for all 27 units are spent by March 2026
- Share and the project nationally
- Complete and share the translated resources
- Find a future proof solution to broken QR codes
- Produce and present Our Neonatal Journey cards project report
- Produce an agreed unit information template to be used alongside the cards

### Digital

- Continue to support the units with Padlet content
- Develop a South East FiCare resources Padlet
- Have a better understanding of VCreate and Badger diary features, functions and any new opportunities
- Review events calendar monthly for upcoming events and celebrations to share with the units

### Education

- Support education team led projects
- Continue to support with International culture & Communication programme
- Collaborate with the NNCCG on the development of neonatal FiCare training modules
- Revisit 2022 scoping report, and produce a 2026 progress report
- Embed and support units to use the FiCare tracker tool
- Continue regular online FiCare group meetings, with two planned face to face events in 2026

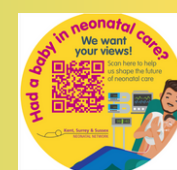

### Allied Health Professionals

- Continue to promote relationships between AHPPP's and units
- Support with AHPPP led projects
- Support the launch of the developmental care videos
- Continue the regular CC/AHPPP meetings

### Co-production & Collaboration

- Collaborate and co-produce with neonatal families at every opportunity
- Develop links with local unit parent groups and KSS PAG
- Adopt agile working, and collaborate as one team with TV&W Care Coordinators and PFEL

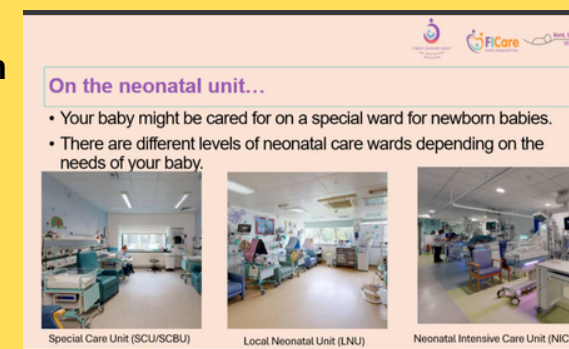

### Parent led/FiCare ward rounds

- Support units to promote parent participation in ward rounds and shared decision-making
- Share resources and ideas

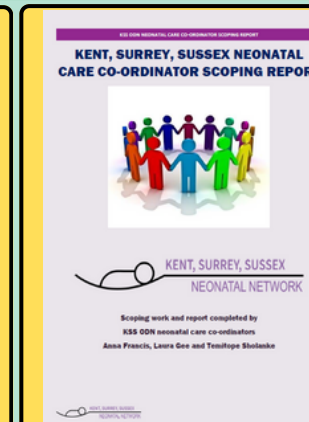

### Antenatal

- Finish and launch the Antenatal information project in collaboration with PAG and MNVPs

### Progress Report

- Revisit 2022 scoping report, and produce a 2026 progress report
- Embed and support units to use the FiCare tracker tool

Support units to progress with Bliss accreditation  
Invite Bliss to a FiCare focus meeting

Support units to progress with the Neonatal BFI accreditation  
Invite BFI lead to a FiCare Focus meeting

### Equity & Equality

- Promote equity and equality in all projects across the network
- Support units to provide equitable neonatal care to all families eg free parking and meal provision
